

INSTRUCTIONS ON HOW TO FILE AN FAA NOISE COMPLAINT:

LINK TO FILE FAA NOISE COMPLAINT: <https://noise.faa.gov/noise/pages/noise.html>

Once on the form, to file a general noise complaint about flight paths, you can fill in just the fields as indicated below. If you wish to report a specific event at a specific time, then you can complete every field on the form to do so. The suggestions below are for general noise complaints.

First Name: Your first name

Last Name: Your last name

Email address: Your email address

Event Street: Your address or problem address, city, state, and zip

Approximate Start Date: Use today's date or the date the issue started; time not necessary

Approximate End Date: you can SKIP this entry

Description/Questions: Here is where you should describe the noise issue(s) you are having; describe to your knowledge if the issue is departing or arriving traffic, morning, or evening

Aircraft Type: you can SKIP this entry

Aircraft Description: you can SKIP this entry

Airport Name/Source: Phoenix Sky Harbor Airport

Repeat Occurrence: Yes, assuming the issue is one that is continual

Did you Contact the local airport: Yes if you also filed a complaint with Sky Harbor, otherwise No

Other Officials Contacted: You can SKIP this entry

Response: Yes or No; the FAA states it will only respond once to the same submitter and same issue, but it does not mean it will not tally additional complaints. Say NO for subsequent complaints.

Click - I am not a Robot

Click - Submit

You will then receive an email from the FAA asking you to verify the submission.

You MUST click on the link in the email to verify and to have your complaint registered.

You are then finished and you may send as many complaint forms as you wish; but as stated above, the FAA says it will only email you back with a specific response one time. Be aware, the FAA may change this process at any time.
